**Please Make Checks Payable to the ARDS*
Foundation,**

A 501 (C) (3) Organization (Tax Deductible)

*Acute Respiratory Distress Syndrome (ARDS) is an acute, severe injury to most or all of both lungs. Patients with ARDS experience severe shortness of breath and often require mechanical ventilation (life support) because of respiratory failure. ARDS is not a specific disease; instead, it is a type of severe, acute lung dysfunction that is associated with a variety of diseases, such as pneumonia, shock, sepsis (a severe infection in the body) and trauma.
